If an eligible lamb is deemed Champion or Reserve of one division (4-H or FFA) but in the championship drive that lamb does not place above the Champion or Reserve lambs from the other division, that lamb along with the highest placing eligible lambs from each weight class in the other division will return to the ring to be judged for this award. If there are no eligible lambs in the championship drive, then the highest placing eligible lambs from each weight class in both divisions will return to the ring to be judged for this award.
